Liver Restore

AYURVEDIC BOTANICAL SUPPLEMENT

Formulated with a unique blend of Ayurvedic botanical extracts, Silymarin and sugarcane extract (Wulzen factor) to support liver metabolism and overall wellness.

SUPPORTS LIVER FUNCTION

RICH IN POLYPHENOLS

Historically, certain Ayurvedic herbs and herbal combinations have been used to support normal liver function and maintenance.

Liver Restore combines a unique, well-researched mixture of Ayurvedic botanical extracts, along with Silymarin, which has a long history of use in the West, and sugarcane extract (Wulzen factor), a recommended Ayurvedic adjunct.

Phytochemically rich, Liver Restore provides a wide array of polyphenolic compounds and phenolic acids that possess exceptional free radical quenching properties.

SUPPORTS LIVER FUNCTION

Traditionally used Ayurvedic herbs to support normal liver function and maintenance.

SUPPORTS DETOXIFICATION

Formulated to support liver metabolism along with the body's detoxification systems.

RICH IN POLYPHENOLS

Provides a wide array of polyphenolic compounds and phenolic acids with free radical quenching properties.

EAST MEETS WEST

A blend of Ayurvedic botanical extracts with Silymarin and sugarcane extract (Wulzen factor).

Supporting the Liver's Antioxidant Demands

The liver's role in metabolism and detoxification can create an increased demand for antioxidant protection. As detoxification pathways process metabolic waste and other compounds, reactive oxygen species may be generated along the way.

Liver Restore provides phytochemically rich botanical extracts containing polyphenolic compounds that help quench free radicals, offering targeted nutritional support for the liver's natural antioxidant defenses while supporting normal liver function and maintenance.

Supplement Facts

Serving Size: 1 Tablet

Amount Per Serving		% Daily Value**
Proprietary Blend	**275 mg**	**
Indian Tinospora (*Tinospora cordifolia*) (stem) (extract)		**
